grow on trees

Thousands of them. And that's not all Southern forests provide. Look around you: desks, picture frames, paper and paper board, paneling—and immeasurable raw materials for Southern industry. And Southern industry means money. Billions of dollars annually. Let's keep the trees growing. And the South with 'em.

Memorial Fund Established

A memorial trust fund is being set up in Appomattox in memory of the late Mrs. Violet Ramsey Harwood, Appomattox church and community leader. The fund was established by her husband, A. R. Harwood, Jr., president of the Farmers National Bank in Appomattox.

The trust is composed of contributions received in honor of Mrs. Harwood after her death and also of contributions given by members of her family. It will be administered by the deacons of the Liberty Baptist Church in Appomattox of which Mrs. Harwood was a member. Under the plans of the trust a worthy individual or missionary project will benefit from the fund with an annual grant to be awarded by the deacons of the church. A different recipient is to be named each year.

Lions Hold Eye Bank Workshop

RICHMOND, VA. -- To most TV sports fans, giving up a Sunday during the pro football season is sacrifice above and beyound the call of duty. However, that is exactly what 249 members of Lions Clubs did recently when they attended an all-day workshop held in Richmond by Old Dominion Eye Bank.

The workshop was held for the purpose of acquainting the newly appointed Club Eye Bank Chairman in each Lions Club with the procedures for soliciting eye donor pledges from Virginia citizens and to familiarize them with the operating routine of the Old Dominion Eye Bank, which is entirely funded by Lions Club donations.

The Eye Bank serves as a receiving and distributing station for human eye tissue, secured from donors on death and used for sight-restoring corneal transplant operations . . It is estimated that some 10% of all those who are blind can be helped by such transplant operations. Worldwide, over 5 million blind persons could be helped to see again if there were enough donated corneal tissue available. Unfortunately, there is not -- and the Lions Clubs throughtout the nation have taken on the job of convincing their fellow citizens to make the gift of sight, on death, so that others may see.

Those who wish to donate their eyes on death for such corneal transplant operations may contact any member of a Lions Club or write to Old Dominion Eye Bank. 408 North 12th Street, Richmond, Va. for an eye donor pledge card.

If anything goes wrong with your new set within a year from the day you buy it, and it's our fault, we'll pay your repair bill—both parts and complete labor. You can use any service shop in which you have confidence—you don't have to pick from some special authorized list.

If your picture tube becomes defective during the first two years we will exchange it for a rebuilt tube. (We pay for installation during the first year—you pay for it in the second year.) In short, the warranty covers every set defect. It doesn't cover installation, foreign use, antenna systems or adjustment of customer controls.
